EVERY WOMAN
who **READS** this MESSAGE will
cut this out as a reminder—

Just remember these facts about Mazola:
Not only does it make all foods fried in it more whole-
some and digestible, but there is no waste. After fry-
ing merely strain, and use it over and over again.
Mazola carries no odors nor flavors from one food to
another.

For every baking purpose Mazola is equal to
butter, and much better than animal fats. As it is an
absolutely pure oil, it contains no water, as do butter
and lard.

So if your recipe calls for, say, a cupful of
butter or lard, use only $\frac{3}{4}$ to $\frac{1}{2}$ of a cupful of Mazola.

And remember, too, that many of the best
judges of salad oil prefer Mazola even to imported
olive oil for its purity and flavor.

Go to your grocer

tomorrow and get a can of
Mazola. Satisfy yourself
that you never before tasted
such delicious food as you
can prepare with Mazola—
or make such wonderful
salad dressings.

A-JEK-L
Furs

The importance of
style in our life of
today is of such a pro-
nounced nature that its
recognition is too gen-
eral to need comment.

Style in furs is a highly
important factor for con-
sideration when select-
ing your fur garment,
and style has always
been a prime feature in
the furs of our manu-
facture.

Women of most discrim-
inating taste have for
many years looked to us
as a criterion of unques-
tioned style accuracy.

On the other hand, the
highest degree of quality
and value is maintained
in every instance as well
as a price security that
means real economy.

It pays to buy where
you buy in safety.

It gave him back the energy of perfect health

"A human dynamo"—"a live wire"—

How often you hear that said of the man
whose buoyant, vigorous health wins him
first place everywhere!

Strength and vigor like his should be
normal, not exceptional. Thousands lose
them because they neglect the body's two
most vital needs: building up the worn
down tissues from day to day, and removing
daily the poisonous waste.

The fresh, living cells of Fleischmann's
Yeast contain a natural food—with the
very elements needed to help the body
perform these two vital functions.

Like any other plant or vegetable, yeast
produces the best results when fresh and
"green"—not dried or "killed." Fleisch-
mann's Yeast is the highest grade living
yeast—always fresh. It is not a medicine,
it is a natural food. It helps to "tone" up
the whole system and assures regular daily
elimination. Results cannot be expected
unless it is eaten regularly.

Everywhere physicians and hospitals are
prescribing Fleischmann's Yeast to correct
run down condition, constipation, skin dis-
orders and all the troubles that come from
lowered vitality.

"I get up with a ravenous
appetite—"

"Naturally I am enthusiastic!"

"For four months" says a recent letter from a busi-
ness man, "I suffered from lowered vitality,
coupled with a persistent series of boils. For six
days after beginning the yeast cure I noticed no
material improvement, but on the sixth day the
fifteenth boil, instead of coming to a head, started
to disappear.

"Naturally I am enthusiastic. I am cured! My
lowered vitality is back to normal, and I get up
in the morning with a ravenous appetite, full of
pep and ambition."

Eat two or three cakes a day regularly—plain, or
spread on crackers, or mixed with water or milk. If
you prefer, get six cakes at a time. They will keep in a
cool, dry place for two or three days. Begin at once to
know what real health means! Be sure you get Fleisch-
mann's Yeast. All grocers have it.
